

## He Paid The Price

by Eileen Jahna

C-F        G    C            C-F        G-C  
Jesus, my Shepherd, my Savior, my Master  
F                    G        C                    Am  
Let me hear Your voice, to follow You my choice  
F                    G                    C  
How could I ever doubt Your love for me.

C        F                    G  
There's nothing I can do  
                  C                                    Am  
That will earn this love from You  
                  F                    G  
And there's nothing I can say  
                  C        C7  
That will save my soul  
F                    G        C                    Am  
Jesus gave His life, a perfect sacrifice  
                  F                    G                    C  
He paid the price for me I could not pay.
