I Believe
by Lenny LeBlanc

G Em D G
Like a ship on troubled water, many sail alone,
Em D
Mothers weep for sons and daughters, and pray that they'll come home,
Em G B Em
For soon it will be harvest time, and all the storms will pass,
G D G
O what joy I'll find, when I see You at last.

* G D Em C
You are my resting place along the narrow highway,
G D Em C
You are my bridge across the open sea,
G D Em C
You are my Savior and my passageway to Heaven
G D G Em G Em G D-G
Oh Jesus I believe in You, Oh Jesus, I believe.

G Em D G
Father You have seen my struggles, and You have known my fears,
D Em G
And Lord You've been so faithful, to wipe away my tears,
B Em G
So when the world laughs at me, and says I'm just a fool,
D G
I will bow my knees, and worship only You. *

Em G Em G
I believe You are the only answer to life's questions,
Em G Em D
Lord help me keep my heart, in the right direction.*
