

# Oh Lord, You're Beautiful

by Keith Green

Oh Lord, You're Beautiful,  
          C          F C G  
Your face is all I seek,  
          Am          Em      Am G C  
And when Your eyes are on this child  
          F      G      F C  
Your grace abounds to me.

          C                  F  C G  
Oh Lord, please light the fire  
          C                  F      C  G  
That once burned bright and clear  
          Am      Em      Am G  C  
Replace the lamp of my first love  
          F                  G      F C  
That's fueled with Holy fear.
