## Safe and Sound

by Danny Donnelly

D G A D
Safe and sound in Your presence is where I long to be
D G D A G
At the cross where You died, loving a wretch like me
D A G
Lord You take me just as I am, forgiving me again and again
D A D G
Though I don't understand all that I see
D Em G A G A
Help me keep my mind and my eyes on eternity with You
G A D
On eternity with You, on eternity. (x2)

D G A D
Safe and sound in Your presence is where I long to be.
