When I Hear You Sing
by Paul Duncan

C Am C Am
I'm thinking of another time, a memory fresh in my mind,
E7 Am Dm
You would come and sit with me, and you would sing to me,
F C Am
how I loved to hear you, sing your songs of praise,
C Am E7
a passion showing on your face, but now it seems that you've
Am Dm F
lost your song, and I wonder why

C G Am
(Chorus) And I am longing to hear you again,
C G Am
all of the beautiful songs that you bring,
C G Am F
and no other sound is a precious to me,
Am C Am C Am C Am C
as when I hear you sing, oh when I hear you sing.

C Am C Am
Now your life is full of pain, and it's not easy singing in the rain,
E7 Am Dm
Tragedies of life are all you see, and you don't have the time
F C Am
to spend with me, but I am waiting patiently,
C Am E7 Am
remembering your melody, it may not have always been on key,
Dm F G
but when it's coming from the heart, it's beautiful to me. (Chorus)
