

# You Are My Treasure

by Chris Tomlin

C                    G  
Faithful Lord, fill my cup,  
                         F            C  
With your grace and love,  
                         F            G  
Your grace and love;  
                         C                    G  
The pleasures that this world's sure of,  
                         F            C                    F            G  
Will never be enough, can never be enough;

                         F            C  
'Cause I'm created for You alone,  
G    C  
Bought with a price, I'm not my own,  
F    C  
Seated in the heavenlies,  
                         G    C  
And there's no place I'd rather be,  
                         Dm    F            G  
Than with You forever Lord,  
                         C    F            G            F            C  
You are my Treasure
